Professional quality prints for less

- Print professional colour documents for up to 40% less cost-per-page and energy use than lasers[1].

- Economical individual ink cartridges let you replace each cartridge separately when needed.

- Get more printed pages and fewer cartridge replacements with the optional high-capacity cartridges[3].

High-speed productivity

- Enjoy fast speeds of up to 32 ppm black/31 ppm colour (draft mode), or speeds equivalent to a laser printer with up to 7 ppm black/7 ppm colour[4].

- Share your printer with up to 5 users using Ethernet networking.

- Handle high volume prints with the 250-sheet input paper tray.

Versatile output with HP reliability

- Enjoy archive-quality documents. Print vivid colour graphics and rich black text that retain its quality for decades[2] without fading.

- Get fast-drying documents for high-volume printing using papers with ColorLok® technology[5].

Reduce your impact on the environment

- Reduce energy costs with an ENERGY STAR® qualified device that meets the U.S. Environmental Protection Agency's (EPA) strict energy efficiency guidelines.

- Save paper wastage with HP Smart Web Printing[6] which allows you to select and organise text and graphics from multiple web pages onto one printable page.

Why buy Original HP print cartridges

Exceptional value: Original HP print cartridges produce twice as many printed pages as compared to refilled ink cartridges[7].

Exceptional reliability: In a recent study, 42% of the refilled cartridges were "dead on arrival" or failed prematurely.[7] With Original HP print cartridges, you can expect consistent, reliable and flawless performance.

Exceptional quality: Over 20 years of research and development have gone into the design of Original HP print cartridges to ensure that you get impressive and consistent print and photo quality every time.

Environmental commitment: HP's Planet Partners Programme[8] ensures that Original HP print cartridges collected are recycled responsibly. All cartridges returned to the programme go through a multi-phase recycling process, and various parts are reduced to raw materials that can be used to make new metal and plastic products.

Choose HP papers for optimal printing results

For long lasting prints and professional results, complete your printing needs with:

HP 120 Professional Paper (Matte)
Ideal for presentations, proposals, reports and newsletters

- Impressive image quality with vibrant colours and graphics.
- Coated on both sides for two-sided printing.
- Professional weight—heavier and more opaque.

HP Office Paper with ColorLok® technology
Ideal for professional quality printing

- Prints dry faster with less smearing.
- Documents with darker black for bolder text and richer, deeper greys.
- Uniform, vivid and vibrant colour for impressive documents.
